CFA Exam- Site/Venue Workstation Technical Specification Audit

July 2026

Purpose

This document has been designed to provide step-by-step guidance for collecting, verifying and reporting the technical (hardware and software) specifications for all workstations/computers (candidate and server) used at contracted exam sites/venues delivering the CFA exam. It covers guidance for Venue IT Teams/Technicians on running the provided tool/script to collect the technical specifications for all workstations for their respective exam sites/venues. As well as for British Council Country Exams Operations Teams, to collect the extracted information from the venue IT teams and share it with the Global Operations Team.

Guidance for Venue IT Teams/Technicians

Downloading the Audit Tool/Script:

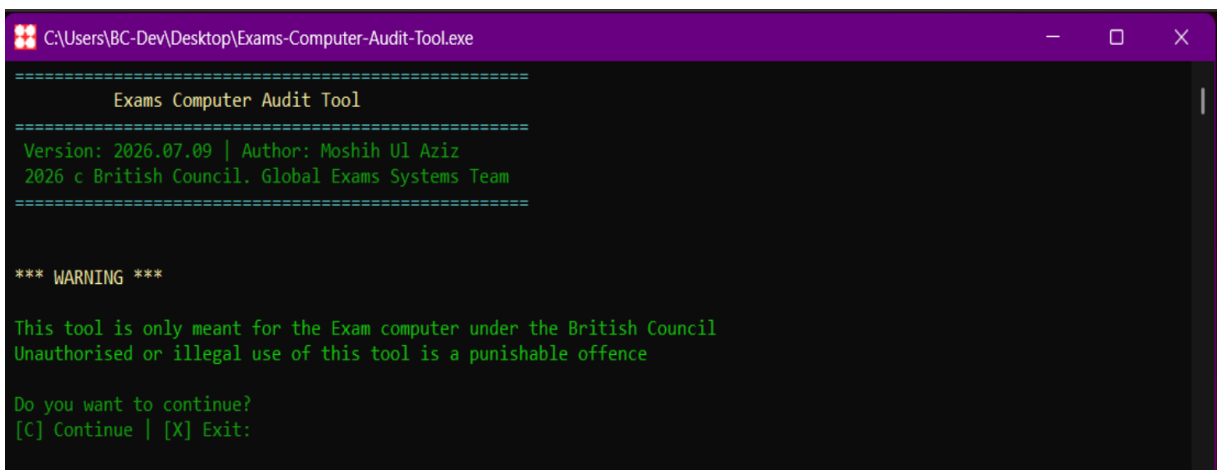

- Download the 'Exams-Computer-Audit-Tool'/script file by clicking on the below auto-download link:
<https://examshelpdesk.britishcouncil.org/go/ec-audit-tool>
- Extract the 'Exams-Audit-Computer-Audit-Tool.exe' file from the downloaded .zip folder, to your desktop or Downloads folder.

Name	Size	Packed Si...	Modified	Created	Accessed
 Exams-Computer-Audit-Tool.exe	64 000	22 623	2026-07-...		

Running the Audit Tool:

- Copy the 'Exams-Audit-Computer-Audit-Tool.exe' file either to a flash drive and run individually on each workstation/computer or put it on a shared folder on the server/shared network using the host computer, if you find that more convenient.
- On each workstation individually, including the server machine** – run the 'Exams-Audit-Computer-Audit-Tool.exe' file as an administrator. **Admin access will be required to run the same.**
- Once the tool window pops up – **press “C” to continue** and wait for the tool to complete the activity and finish running.

```

Tasks Completed
[#####] 100% | Task 1: Hardware Inventory - Complete
[#####] 100% | Task 2: OS & License Audit - Complete
[#####] 100% | Task 3: Network Information - Complete
[#####] 100% | Task 4: Exporting Data - Complete

All data is intact, no devices were harmed in the making of this audit check.
Audit report has been created at: C:\Temp\ComputerInfo-BDDAC1BL0631-PF4MWBSH.txt

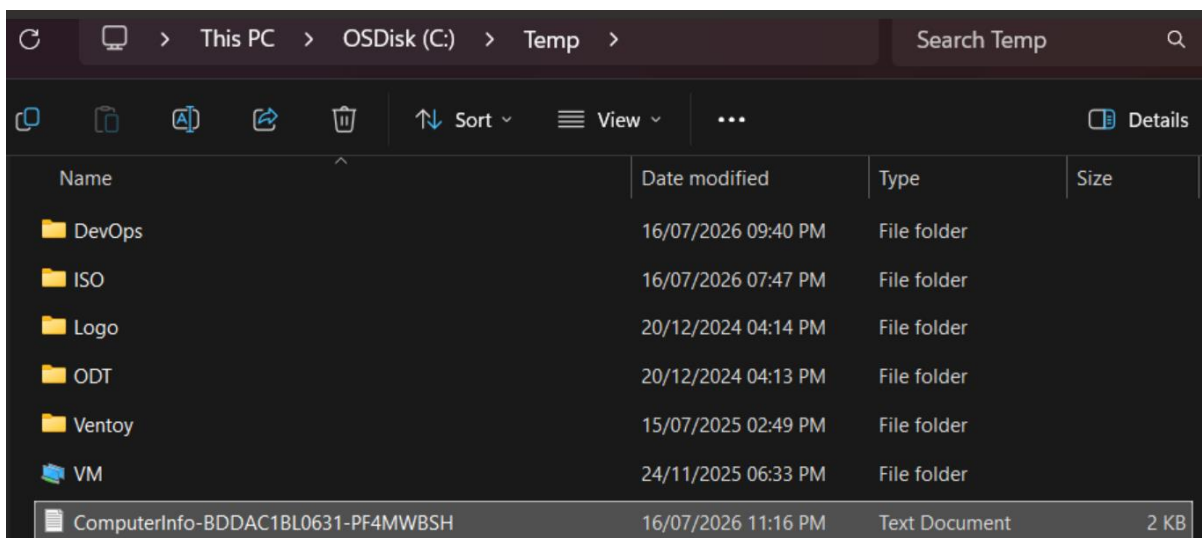

Thanks for completing the exercise with the British Council - Global Exams Systems Team.

Press X key to close this exercise:

```

Collecting and sharing the outcome:

- As an output, **a file will be generated and saved in the C drive under the Temp folder** "C:\Temp", named as *ComputerInfo_{ComputerName}-{ComputerSerial}.txt* for each workstation.

- **DO NOT OPEN, rename or modify this file in any manner!**
- Collect the *ComputerInfo_{ComputerName}-{ComputerSerial}.txt* files from all workstations/computers belonging to an exam site/lab (including server) into one folder, **with the following naming convention:**
{CountryName}_{CFASiteCode}_{CentreName} (example: EGYPT_5791_Future University in Egypt)

- Zip the folder maintaining the naming convention **{CountryName}_{CFASiteCode}_{CentreName}.zip**
- **Send the .zip folder or folders** if you have multiple CFA sites at the venue, **to your British Council Country point of contact** (Exams Operations Manager etc.). via email.
- **Please note- It is crucial to follow the above naming convention for the zip folder(s)** containing all the .txt files for each exam site. However, **no changes/modifications should be made to the name and/or content of the .txt output files**. Please reach out to your respective British Council Country Ops point of contact if you have any confusion around the CFA site codes for your exam labs.

Guidance for British Council Country Exams Operations Staff

- Refer to column T 'Required to Run Audit Script?' on the [CFA - Windows 11 Migration - Progress Tracker.xlsx](#) to understand what sites are required to run the audit tool/script for your respective counties. A 'Yes' under this column means that the site is required to run the same, based on the instructions shared in this document.

Site Code	Site Name	Status	Being used for Aug 2026 window?	City	Country	Market/MetroArea	Required to Run Audit Script?
5982	British Council - Oriental College of Technology	ACTIVE	Y	Bhopal	India	Bhopal India	YES
5983	British Council - Oriental College of Technology	ACTIVE	N	Bhopal	India	Bhopal India	YES
5735	British Council - Buddham Technology	ACTIVE	Y	Bhubaneswar	India	BHUBANESWAR	YES
5742	British Council - Buddham Technology	ACTIVE	N	Bhubaneswar	India	BHUBANESWAR	YES
5547	British Council - Conference Hall booking in Bhubaneswar	ACTIVE	N	Bhubaneswar	India	BHUBANESWAR	YES
5692	British Council - Gian Jyoti Institute of Management & Tech	ACTIVE	Y	Chandigarh	India	CHANDIGARH INDIA	NO
5699	British Council - Gian Jyoti Institute of Management & Tech	ACTIVE	Y	Chandigarh	India	CHANDIGARH INDIA	NO
5951	British Council - Talking Technologies (Vslon Tech Park)	ACTIVE	Y	Chennai	India	CHENNAI INDIA	YES
5952	British Council - Talking Technologies (Vslon Tech Park)	ACTIVE	Y	Chennai	India	CHENNAI INDIA	YES

- Share this guidance document with your venue IT teams and technicians, to cascade the instructions on how to download and run the tool followed by sharing the outcome, as curated in the previous section.
- Receive the zip folder(s) via email from your respective venue IT teams, for the selected sites/venues, after they've completed the activity.
- Ensure that the zip folder(s) follow the correct naming convention - **{CountryName}_{CFASiteCode}_{CentreName}.zip**
Rename any zip folder(s) if and where needed, to comply with the above naming convention.
- Upload all collected zip folders onto this SharePoint folder - [03 - CFA - Tech Spec Audit Zip Folders](#)
- **Update the progress status in column U** on the [CFA - Windows 11 Migration - Progress Tracker.xlsx](#) to 'In Progress' or 'Completed' depending on the progress for your various sites.
